Youth Elite Pitching Class

If you want to gain velocity this is the class for you. Velocity is something that can be taught but you have to work for it. The class will be very intense and demanding on the athlete. The format will consist of proper stretching, med balls, plyo's, and throwing drills all built around explosion. Testing will be done on the first day and throughout camp to see the results that you are getting. If you put the work into this camp you will see velocity results.
